Mission Statement

At St. Bede's Catholic Infant School it is the mission of the whole school community to nurture a loving, safe, caring, supportive, quality environment in which the individual has the opportunity to develop intellectually, spiritually, morally, socially and emotionally in an atmosphere of trust and mutual respect.

Introduction

The SEN and Disability Act, extended the Disability Discrimination Act 1995 (DDA) and was further enhanced and modified by the Equality Act 2010 to to cover education. These acts were introduced with the aim of ensuring that all disabled people have an opportunity to participate equally in society. Under the Equality Act, Disability is a specific, 'Protected Characteristic'.

Responsibilities for the school under these Acts are:

- **Not to treat disabled pupils less favourably for a reason related to their disability;**
- **To make reasonable adjustments for disabled pupils, so that they are not at a substantial disadvantage;**
- **To plan to increase access to education for disabled pupils.**

At St. Bede's Catholic Infant School we aim to ensure that not only our pupils but other people who visit or use our school can use our facilities with ease. In line with our Mission Statement we are committed to providing an environment that enables access to the curriculum and all aspects of school life. We are committed to taking positive action in the spirit of the Equality Act 2010 with regard to disability and to developing a culture of inclusion, support and awareness within school.

The Accessibility Plan is a statutory document approved by the Governing Body. The Plan covers 3 years but is reviewed at St. Bede's on an annual basis. The review process can be delegated to a committee of the Governing Body and at St. Bede's the Premises Committee will take responsibility for this. The Accessibility Plan is fully integrated into the School Development Plan. Monitoring of the progress towards objectives/targets is rigorous and ongoing by the headteacher, staff and governors as appropriate.

The plan covers the period Autumn 2018 to Autumn 2021 and sets out proposals:

- **To increase the extent to which disabled pupils can participate in school's curriculum;**
- **To improve the environment of the school to increase the extent to which disabled pupils are able to take advantage of education and benefits, facilities or services offered by school;**
- **To improve the delivery to disabled pupils of information which is readily accessible to those who are not disabled.**

DDA Definition of Disability

'A person has a disability if he or she has a physical or mental impairment that has a substantial long term adverse affect on his or her ability to carry out their day to day activities.'

Accessibility Planning Process

Plans for accessibility are developed through our school development planning process. The Accessibility Plan has been developed and drawn up based upon information from relevant audits and consultation with the children, parents and wider community.

The Accessibility Plan is structured to complement and support the school's Equality Objectives and has been incorporated into the School Development Plan and published on the school website. The Accessibility Plan is fully integrated into the School Development Plan.

Current good practice

Curriculum Access

Teachers modify teaching and learning as appropriate. For example, they may give additional time to children with disabilities to complete certain activities. In their planning teachers ensure that they give children with disabilities the opportunity to develop skills in all aspects of the curriculum. Personalised learning and provision mapping is used to ensure that children's individual needs are met as appropriate.

The needs of staff are also considered to ensure that they are able to fulfil their role in delivering the curriculum ensuring that all children achieve their potential.

Extended Curriculum

Throughout the year we provide a wide variety of extra-curricular activities and sporting opportunities. These include dance, multi-skills, tennis, golf, yoga, art, craft, drama, Spanish, choir, speaking choir and super skills. To ensure maximum participation of all children additional support is offered to those children as appropriate to their need following discussion with parents.

Physical Access

The Accessibility Plan for physical accessibility relates to the Access Audit of the school, which remains the responsibility of the Governing Body. The premises report details progress in building accessibility plans and developments. The Accessibility plan is fully incorporated into all relevant sections of the School Development Plan including the Equalities Action Plan and is subject to regular and rigorous review. Reports on progress are given at least termly by appropriate committees and staff to the full governing body and all staff are aware of their responsibilities in ensuring equality of provision.

The Local Authority had commissioned a number of audits from 2002/2003 i.e. Asset Management, Condition of Building, Suitability Survey, Accessibility Survey and the Workforce Remodelling initiative. Schools were requested to bring priorities together within an Asset Management Plan. A strategic programme of works for school was carried out, completed and signed off as a matter of record. Specifically the Accessibility Plan was subject to LCVAP funding and maximum DfC and was supported by LCVAP funds. It was subject to a pilot scheme in conjunction with St. Bede's Junior School and all access issues were addressed. We were designated as accessible schools by the LA.

Physical access to the school premises and environment has been improved through ramps, levelling of thresholds and widening of doorways. On site car parking for staff/visitors includes a disabled bay. The main reception area has a secure lobby and is fitted with a low level hatch. There are 5 disabled toilets (1 adult and 4 child). These are fitted with a handrail and a pull emergency cord. Full regard is taken to Accessibility when any premises work is undertaken including lighting, decoration etc.

The playground and garden area is also fully accessible.

Minor actions as recommended in a HBC Environmental Audit in the Summer of 2017 have been undertaken including distinct visual colour zones on posts and toilet seats.

Evacuation Procedures

The school's fire and evacuation policy lays down basic procedures for the safe evacuation of the school building. Personal Evacuation Plans are produced as appropriate to meet the specific needs of an individual.

The school has internal emergency signage and escape routes are clearly marked.

Support Services

Access to or signposting to support services both within school and externally is available to children and families as appropriate

Communication of information

Communication and excellent relationships with families are at the heart of our Induction Programme. Communication relating to any need is a high focus. In the term prior to the children starting school, parents meet with the Early Years lead in school and other relevant members of staff including the SENCO to discuss any needs the child or other members of the family may need support with. This knowledge supports the smooth transition to school and enables school to provide the necessary support within a reasonable timeframe.

School Disability and Equalities Working Party

The School Disability and Equalities Working Party continues to meet once each term. The Working Party has helped us to further develop our policies and practices towards equality. The Focus of each of the meetings links with the inclusion of all through a range of school initiatives. A standing item on the agenda is to ensure access for families/children who have a specific access need.

Methods of communication include:

Personal contact

Letters/Fliers/Notes e.g events, workshops, open occasions

Newsletters

Home/School Diary

School website

Phone

The School website is an effective method of communication with parents www.stbedesinafants.co.uk

At least termly parents are reminded through a newsletter and the Headteacher's Report that school policies and documents (available to the public) can be made available in a variety of formats and languages, that small print can be enlarged within a reasonable timeframe. Support is available through the school office when completing forms.

Our action planning for improved accessibility covers:

- Curriculum and extended curriculum;
- Physical access-Physical environment of the school and building structure;
- Evacuation;
- Support services;
- Communication of information.
