

Arts Week

October 2018

This year our theme was around 'Imagine a World of Wonder'. We decided to focus on the Seven Wonders of the World allowing children to have the opportunity to research their own Natural Wonder of the World. We held a celebration assembly at the end of the week to enable classes to share their learning and creative experiences with the rest of the school.

Reception worked collaboratively on The Great Barrier Reef whilst KS1 had their own Natural Wonder of the World.

Throughout the week children developed their knowledge and skills and engaged in a range of activities including art, music, singing, dance, drama, DT and creative writing. The children and staff thoroughly enjoyed the week and the high level of involvement and enjoyment was evident in the productive and pleasant atmosphere in each class.

The celebration assembly at the end of the week was a lovely opportunity for children to feel a sense of achievement of all their hard work. It also gave everyone the chance to enjoy seeing other classes' creative representations of the other Natural Wonders of the World.

In the words of the children:

"I like doing art because it makes me feel nice and calm"

"I like getting messy and using different colours and mixing them all together to make even more colours...it's like magic!"

"I like being able to do art because I can do what I want to do and I am really good at it"

"I feel proud when I do art"

"Arts make me happy and fills my heart with love"

"You can do what you want and it doesn't matter if you get it wrong"

"I like looking at my work when it is finished and feeling proud"
