### **Religious Educational programmes and schemes of work**

Religious Educational programmes or schemes of work must include activities and experiences for children, as set out under each of the areas of learning.

Educational programmes or schemes of work should also contain:

*Effective teaching and learning for Religious Education activities should involve **playing, exploring, active learning, creating, thinking critically...** and include where possible... (2) **wonder and awe** - the Holy Spirit gives Catholics many gifts. One of those gifts is wonder and awe. Children are engaged when they experience moments of wonder and awe. Look at and comment on the astonishing things in nature and in everyday life. Experiences of even the smallest of wonders will enable children to welcome God’s presence and a sense of amazement.*

### **Ways of Knowing in Early Years**

The Religious Education Curriculum is enriched by *Ways of Knowing* and throughout the curriculum children will experience, be taught through and learn by understanding, discerning and responding. Children will be enabled to SEE-JUDGE-ACT. Early Years children will use the same process by using age-appropriate language.

Ways of Knowing		
Understand	Discern	Respond
See	Judge	Act
What will I see and hear to help me understand?	How will I discover more?	What can I do now?
		

The children will encounter the skills words including:

***recognise, talk about, label, name, match, sort, retell, sequence, recall.***
