Rationale

The Spiritual, Moral, Social and Cultural development of our children is at the heart of our Mission Statement. St Bede's provides a caring, Catholic education for all our children. This policy underpins the principles and opportunities for Spiritual, Moral, Social and Cultural development based on the Gospel values which permeate all aspects of school life, so that the children will:
"Journey together so that all might *have life; life in all its fullness*". John 10:10

MISSION STATEMENT

At St. Bede's Catholic Infant School it is the mission of the whole school community to nurture a loving, safe, caring, supportive, quality environment in which the individual has the opportunity to develop intellectually, spiritually, morally, socially and emotionally in an atmosphere of trust and mutual respect.

School Ethos

The Spiritual, Moral, Social and Cultural development of our children is promoted through the Catholic ethos of this school. We are a celebrating community where the uniqueness of each individual is valued in an atmosphere of trust and mutual respect.

School Worship

St Bede's is a celebrating community and daily Collective Worship helps to develop the children Spiritually, Morally, Socially and Culturally. Acts of worship are inclusive and:

- Have Christ at the heart
- Provide the opportunity for pupils to worship God and reflect upon Gospel values
- Develop personal beliefs
- Recognise/appreciate the uniqueness of the individual
- Reinforce positive attitudes
- Promote a common ethos and shared values
- Develop community spirit
- Respect the diversity of beliefs and commitment

The policy regarding Collective Worship in St Bede's outlines the acts of Collective Worship which take place in school.

Religious Education

St Bede's is a Catholic School and during the academic year 2023-24 uses the 'Come and See' Religious Education Programme in Key Stage 1 and 'To know You more clearly' in Reception. The topics, covered on an annual cycle as set out in 'Come and See' and 'To know You more clearly', ensure that the children are provided with many opportunities to develop Spiritually, Morally, Socially and Culturally. For further information see the Religious Education Policy.

Cross-curricular Links

At St Bede's opportunities for the Spiritual, Moral, Social and Cultural Development of our children are provided across the curriculum with all members of staff working together for the good of our children. We believe that a "thread runs through our school life bringing hope, compassion, thankfulness, courage, peace and a sense of purpose and meaning to everyday life." (Values and Visions, 1995 pxiii)

This thread drives us to seek and stay true to values which are at the heart of the gospel message of Christ, "one knows immediately this place is different; there is a hum of activity; people are glad to be there; there is a sense of purpose and well being; people are relating to one another with confidence and respect; there is an openness, and aliveness and the wider world is there"

(ibid, pxv)
